## AIM Insurance, Inc.

At AIM Insurance we believe an informed person is our best customer. We take the time to help you understand the options and choose your coverage with confidence.

Because we are an **INDEPENDENT AGENCY** we represent a variety of nationally-known and highly rated companies to locate policies that are appropriate for you, your family, your business, and your employees.

We will never pressure you to buy anything. If your current coverage is better, we will tell you so, and you will have the peace of mind that comes from knowing that you have the best coverage available.

Our goal is to establish an old-fashioned relationship with each customer that is based on trust. We accomplish that goal by answering your questions honestly, helping you understand what various policies cover, giving you appropriate options to choose from, and letting you make informed decisions that balance your own needs.

*“Peace of mind...*

*What insurance was meant to be!”*

-Chris O’Neil, President & CEO

## PERSONAL LINES

### ● HOMEOWNERS AND CONDO

For many people their home is their single greatest asset. Be sure it is properly protected!

We can check your “Dwelling” limit using a state-of-the-art computer system to determine the cost to re-build your home should you suffer a total loss such as from a fire. This way you can be confident you are properly covered should you have a claim.

We can also document your valuables, confirm your coverage limits, and store the information in a secure location for you.

### ● AUTO, MOTORCYCLE, & BOAT

No matter what vehicles you operate, we can help you find the insurance company that wants your business and will work hard to earn it! We also have special packages for collector cars & boats!

### ● UMBRELLA LIABILITY

Why should you consider a Personal Umbrella Liability policy? The limits on homeowners and auto policies are not high enough to deal with today’s litigious environment. An Umbrella policy is a cost-effective way to get higher limits and broader coverage.

### ● HEALTH, LIFE, & DISABILITY

At AIM Insurance we have access to nationally recognized carriers as well as specialty providers. We have extensive experience matching your needs with the best coverage and prices available in the market today.

*Ask about alternatives to COBRA & Health Savings Accounts!*

## COMMERCIAL LINES

### ● GENERAL LIABILITY & PROPERTY

Protect your business, its owners, and your customers with coverage from nationally known insurance companies. We also participate in several specialty industry programs that offer packages to specific types of business.

### ● COMMERCIAL AUTO

If you have a basic personal passenger car, a luxury sedan, or a fleet of service vehicles, we can help match your coverage requirements with companies that want your business and will work to earn it!

### ● EMPLOYEE BENEFITS

Health plans are a significant part of your employees’ “total compensation.”

Our *mission* is to help **solve the employee health care problem** for small and medium sized businesses in Connecticut!

If you are re-designing your existing package or considering one of the newest cost-savings options, we can make them work for you and your employees!

*Our Benefits Specialist is SPHR & CCP certified... We can help!*
